

## LECTURERS

### Dr. Tucker VanYperen

Dr. VanYperen focuses on all aspects of dentistry, with a special interest in restoring function and aesthetics for patients through dental implants. He completed training in the surgical placement of dental implants at the WhiteCap Institute Center for Dental Implant Training. Dr. VanYperen provides comfortable, comprehensive dental care at North Kansas City Dental in Missouri.

- Bachelor's in Microbiology
- Case Western Reserve University, School of Dental Medicine | Cleveland, Ohio

### Dr. Jared Hepworth | DMD

Dr. Hepworth has added extensive CE coursework in implantation and is constantly working with 3D technologies to provide patients with the best possible outcomes. At Whiteridge Aesthetic Dentistry in Salt Lake City, Utah, he specializes in All-on-4 implant-supported dentures, dental implants, dental veneers, full composite veneers, and full-mouth reconstruction.

- Brigham Young University
- Roseman University

### Dr. Rick Jackomis | DDS, JD

As a former practicing attorney, Dr. Jackomis is a dentist like no other. He has over 10 years of experience in placing implants while transitioning to exclusively guided surgeries nearly 5 years ago. Throughout his colorful career, Dr. Jackomis has been actively involved with the clinical use of lasers, CAD/CAM, and cone beam radiography.

- Dental education — Medical College of Virginia
- Legal credentials — Valparaiso University, Indiana

### Dr. Pooya Soltanzadeh DDS, MS, FACP

Dr. Pooya is a Diplomate of the American Board of Prosthodontics (DABP), the most difficult certification among dental specialties. He lectures worldwide on oral implantology, prosthodontics, and cosmetic surgery.

- Post-doctoral Program — UCLA School of Dentistry
- Member of the American College of Prosthodontics (ACP)
- Member of the American Prosthodontic Society (APS)

### Dr. Eugene Kim | DDS

With over 500 guided implant surgical cases under his belt, Dr. Kim is no beginner when it comes to implantology. His private practice in San Diego, California, focuses on orthodontics, implant, and general dentistry.

- Doctor of Dental Surgery (DDS) — UCLA
- Board Certified Diplomate of the American Board of Oral Implantology

# PERFECT PLACEMENT USING A DIGITALLY-GUIDED DENTAL IMPLANT SYSTEM

Discover the advantages of perfect implant placement through a 100% digitally-guided dental implant workflow.

From diagnosis to the final restoration, learn procedures using a step-by-step surgical guide that showcases detailed pre-operative planning, surgical operation, and post-procedure restoration processes. This system reduces chair time, ensures accurate placement, and delivers consistent outcomes.

- 100% digital — from the first diagnosis to the final restoration stage
- Incredible accuracy — less stress, precise that reduces human errors
- Hands-on practice; single, multi-unit placement, edentulous arch, guided sinus lift.
